HAY

MATIN TABLE LAMP

HIGHLIGHTS

· Part of a progressive and technologically advanced lighting collection

· A family of contemporary table, ceiling, and wall lamps

· Elegant table lamp with a steel wire bent frame, paired with a pleated cotton shade in different colours

· CE approved

· Integrated LED light source ensuring a life span of at least 25,000 hours of use

· Inline step dimmer

· Available in two sizes and suitable for both private and office environments

MATIN TABLE LAMP
DESIGN BY INGA SEMPÉ

The Matin Table Lamp offers a contemporary yet poetic design, with a construction that combines visual delicacy with physical robustness. It consists of a steel wire bent frame finished in polished brass with matte black hardware and is paired with a pleated cotton shade in a variety of vibrant colours. The light source is an integrated LED, offering a diffused downlight which is accompanied by a digital in-line dimmer control to adjust the output of light if required.

Inga Sempé is a French designer who lives and works in Paris. A graduate of the Ecole Nationale Superieure de Création Industrielle (ENSCI) in Paris (1993), she also took up a scholarship at the Villa Medici, Académie de France in Rome (2000 - 2001). She was awarded the Red Dot Design Award in 2007. Her work is known for a lightness of touch, for a strong personality and for a particularly tactile nature. The idea of everyday use is at the centre of Sempé's approach and she often seeks out materials with special properties to answer the need of a daily function. For HAY, she has created Matin and Mousqueton Lamps, Pandarine Sofa, and the accessories Pinorama, Ruban Mirror and Fonte Candleholder.
