FRAME 49 TRIO SIDEBOARD  
Designed by *Audo*

Frame 49 Sideboard Trio is a flexible storage solution consisting of a square module in a cubistic frame and with a cubistic black metal base. The simple storage system is inspired by the Kubus candleholder by Mogens Lassen, based on strict mathematical formulas and designed with the greatest precision. Frame Sideboard Trio consists of three Frame modules in size 49 with a cubistic base: a module with a shelf, a module with a door and a module with three Drawers. The Drawers feature a soft-close system and hidden tracks. Frame Sideboard Trio works beautifully as a dresser in the living room or as a classic bookcase. The Frame module can also be separated from the cubistic Base for Frame and instead hung on the wall if your home needs a new touch, or to cater for changing storage needs.

PRODUCTION PROCESS

The frame is made from 6mm steel profiles to strengthen the construction of the frame. The profiles are mounted with zinc casted corners and afterward the frame is grinded to obtain a smooth finish before the frame is powder coated. The plates are made from a MDF core with a melamine or veneer surface. The base is a welded, shot blasted steel frame with silver brazed corners to make the edges sharp and nice. Lastly the frame is painted with a black powder coated finish. The drawer is made from plywood and covered with black foil. The bottom is made from black painted MDF. The tracks are made from steel and has a soft-close system. The handles are made from aluminum with powder coated black finish.
